Ratchet Lashing System

Product information

Forankra
Secures everything in transit™

The System 3000 over-the-wheel recovery and car transporter strap is available in 35mm medium duty. The straps feature standard claw hook end fittings with diverter claw hooks and a rubber gripper wear sleeve to go over the wheel. The strap is designed to tension over the wheel with the diverters providing multi directional application onto a recovery or transporter vehicle deck.
Straps are available in the industry standard length of 4 metres. The 35mm System 3000 over-the-wheel straps offer a 3000kg rated break force.

As one of the country's leading load restraint manufacturers the Company is also pleased to offer a bespoke service that can quickly produce lashings with alternative; lengths, end fittings, ratchets or webbing to order. Webbing can also be customer printed with your company logo or other design.

- Short wide handle ratchet
- Claw hook end fitting plus diverters
- Alternative fittings are available swan neck claws, swivel T hooks or single claws
- Unique rubber gripper sleeve
- 35 mm width high-tenacity polyester webbing
